

Equipment Recovery Specialist, Beverly, MA

NFS is an equipment finance company that deals with a wide range of equipment such as titled vehicles, construction equipment, medical equipment, as well as many other types of equipment. We are looking for an Equipment Recovery Specialist to manage all aspects of retrieving equipment at lease end, early termination, or default.

The Equipment Recovery Specialist will be responsible for communicating with the customer, negotiating with landlords and asset recovery service providers, coordinating schedules among interested stakeholders, and managing the recovery of equipment on a project-by-project basis to ensure cost effective and timely recovery of financed equipment. **The ideal candidate is a skilled project manager, efficient problem solver, detail oriented, and an experienced negotiator who faces challenges head on. No day is ever the same for the Equipment Recovery Specialist.**

The position will be located at the Beverly, MA office.
The position will report to the Chief Restructuring Officer.

Key Responsibilities include:

- Project planning and execution on all aspects associated with the recovery of varied equipment types, typically in immediate, urgent, and pressing situations;
- Communicating, scheduling, and managing logistics (may include customer communications, scheduling inspection, maintenance, and disassembler services, scheduling shipments/deliveries, coordinating with landlords and/or local authority as needed and more);
- Engaging with Contracts, Legal and Finance team members to collaborate on the recovery project strategy, planning, and execution;
- Ensuring logistics of recovery are completed on time and in a cost-efficient manner; and
- Assist Chief Restructuring Officer with periodic reporting on equipment recoveries and disposals.

Key Requirements/Qualifications:

- Bachelor's degree preferred, High School Diploma required
- 1+ years' experience in asset recovery and/or project management role
- Strong project planning and organizational skills, and the proven ability to manage simultaneous projects under pressure of deadlines and in a fluid environment
- Experience maintaining physical and electronic filing systems
- Takes initiative and is proactive and resourceful

- Strong interpersonal and communication skills to effectively interact with various levels of management and expertise
- Strong ability to troubleshoot, try varying approaches and think on your feet
- Knowledge of collections principles, a plus
